

OneStream Receives Highest Rating Amongst All Vendors in the 2021 Wisdom of Crowds® Financial Close, Consolidation, and Reporting Market Study by Dresner Advisory Services

October 28, 2021

CPM software provider featured in inaugural report ranking 14 vendors

October 28, 2021 09:00 AM Eastern Daylight Time

BIRMINGHAM, Mich.--([BUSINESS WIRE](#))-- [OneStream™](#), a leader in corporate performance management (CPM) solutions for the world's leading enterprises, has received the highest rating in the inaugural [2021 Wisdom of Crowds® Financial Consolidation, Close Management, and Financial Reporting \(FCCR\) Market Study](#) by Dresner Advisory Services. The company was rated along with other suppliers in the market and earned highest rankings across the 5 scoring categories: Financial Consolidation, Close Management, Financial Reporting, Architecture and Total Score.

"Organizations use FCCR software to produce key financial and management information and then provide analytics to enable managers and users to analyze and understand this data. This has a clear impact on their approach to decision-making and can help improve its quality in an organization," said Howard Dresner, Founder and Chief Research Officer of Dresner Advisory Services. "Congratulations to OneStream for their strong performance across all categories of FCCR software in our inaugural examination of this critical market."

"It's an honor to earn the highest ranking in the 2021 Financial Close, Consolidation, and Reporting Market Study from Dresner Advisory Services," said Craig Colby, President at OneStream. "OneStream is able to help organizations shorten financial close and reporting cycles, increase visibility into key financial and operating metrics and make more informed decisions. We remain committed in our mission of delivering 100 percent customer success and this ranking is a testament to the efficiency, insights and value customers obtain from using OneStream."

The objective of the Wisdom of Crowds® FCCR Market Study provides a cross-section of data across geographies, functions, organization sizes and vertical industries to identify and illustrate important industry trends.
