

OneStream Named a 5x Leader in the 2025 Gartner Magic Quadrant for Financial Planning Software

December 4, 2025

OneStream recognized in Leaders' Quadrant for Ability to Execute and Completeness of Vision

BIRMINGHAM, Mich., Dec. 4, 2025 /PRNewswire/ -- [OneStream](#) (Nasdaq: OS), the leading enterprise Finance management platform that modernizes the Office of the CFO by unifying core finance and operational functions – including financial close, consolidation, reporting, planning and forecasting, has been recognized as a Leader in the 2025 Gartner® Magic Quadrant™ for Financial Planning Software. Gartner evaluated 14 financial planning software providers based on their Ability to Execute and Completeness of Vision and placed OneStream in the Leaders' Quadrant.

"Finance teams today are expected to manage risk, map the future, and drive business outcomes," said Tom Shea, CEO at OneStream. "To meet that mandate, leaders need a unified, AI-powered platform built for the way Finance works – not a patchwork of modules. Our continued recognition by Gartner as a Leader in financial planning validates our belief that unifying data and AI in a single platform gives Finance a strategic advantage. OneStream empowers Finance teams to navigate market complexity by unifying financial and operational data, and embedding purpose-built AI, so teams can move faster, see further and operate with the precision today's environment demands."

A Recognized Leader in Financial Planning

The Gartner Magic Quadrant for Financial Planning Software is a market research report published by IT research and consulting firm Gartner. As Gartner states in the report, "The mandate for financial planning and analysis (FP&A) transformation continues, requiring the optimization of financial planning processes across complex operations and diverse, decentralized enterprise resource planning (ERP) and operational systems. Organizations are increasingly seeking agile, cloud-native platforms built for enterprise wide scale and high user concurrency, which can extract on-demand, value added insights crucial for driving financial value across the enterprise."

In October, OneStream announced [a series of innovations](#) to the OneStream platform, including the integration of AI capabilities within its ESG Planning & Reporting solution. Powered by SensibleAI Forecast and SensibleAI Agents, these capabilities are designed to enable finance teams to forecast consumptive activities, model Scope 1,2, and 3 emissions and align ESG initiatives with financial performance.
